

Form ADV Part 3: Relationship Summary Marsh Wealth Management, LLC

Introduction

Marsh Wealth Management, LLC (“MWM” or “we”) is an investment adviser registered with the U.S. Securities and Exchange Commission. We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professional at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

What Investment Services and Advice Can You Provide Me?

Description of Services: MWM offers investment advisory services to retail investors. Our investment advisory services include: Asset Management Services and Financial Planning Services.

Asset Management Services: We provides asset management services which involves us managing and trading your designated account(s). We will discuss your investment goals and design a strategy to try and achieve your investment goals. As a standard part of our services, we will monitor your account when providing asset management services and contact you at least annually to discuss your portfolio. For more information, please see **Item 4** of our **Form ADV Part 2A**. When engaging us for asset management services, you can choose whether you’d like us to provide services on a **discretionary** basis (we will have the authority to determine the type and amount of securities to be bought or sold in your account) or a **non-discretionary basis** (we will have to confirm any trades in your account with you before we place them). For more information about investment authority, please see **Item 16** of our **Form ADV Part 2A**.

Financial Planning Services: We also provide financial planning services. Financial planning services involve us creating a written financial plan for you which covers mutually agreed upon topics.

Limited Investment Offerings: We do not primarily recommend one type of security to clients. Instead, we recommend investment portfolios designed to be suitable for each client relative to that client’s specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian/broker-dealer’s platform. When providing you services, we do not recommend or offer advice on any proprietary products.

Account & Fee Minimums: We require a minimum of \$200,000 in order to open an account managed by us. This minimum is waivable at the discretion of MWM and to reach this account minimum, you can aggregate all household accounts. The minimum fixed fee generally charged for financial planning services on a fixed fee basis is \$450.

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What Fees Will I Pay?

Description of Principal Fees & Costs: Fees charged for our asset management services are charged based on a percentage of assets under management, billed in arrears on a monthly basis, and calculated based on the fair market value of your account as of the last business day of the current billing period. The annual fee for asset management services will based upon a fee schedule which ranges between 0.55% and 1.25%. Because our fee is based upon the value of your account we have an incentive to recommend that you increase the level of assets in your account. When engaging us for asset management services, you will also incur other fees and expenses. The broker-dealer/custodian on your account will charge you transaction fees for executing trades in your account. You will also be charged internal fees and expenses by the funds we invest in within your account.

Our fee for providing investment advice for a 401K account, without investment discretion or order entry, is \$125 per month or 0.35% of the value of the account.

We provide financial planning services under a fixed fee arrangement. The minimum fixed fee is generally \$450, and the maximum fixed fee is generally no more than \$4,000.

Any fees we charge for financial planning services will not cover the costs associated with implementing any recommendations we may make.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information about the fees we charge and the other fees and expenses you will incur, please see **Item 5** of **Form ADV Part 2A**.

Conversation Starters: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**What Are Your Legal Obligations to Me When Acting as My Investment Adviser?
How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?**

Standard of Conduct: When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

To the extent we recommend you roll over your account from a current retirement plan to an individual retirement account ("IRA") managed by us and subject to our asset-based investment advisory fees, this is a conflict of interest because we have a financial incentive to recommend that you move your IRA to us even if it is not in your best interest. For more information about this conflict and our procedures to mitigate the conflict, see **Item 4** of our **Form ADV Part 2A**. When we provide asset management services, we will ask that you establish an account with Charles Schwab and/or Trade PMR to maintain custody of your assets and to effect trades for your account. Our recommendation to use Charles Schwab and/or Trade PMR is not based solely on your interest of receiving the best execution possible. We also recommend Charles Schwab and/or Trade PMR because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. See **Item 12** of our **Form ADV Part 2A** for more information about our arrangements with Charles Schwab and/or Trade PMR. We actively manage our own personal accounts while at the same time managing your accounts and other client accounts. This creates different conflicts of interest for which we have developed procedures to mitigate and control for those conflicts. For more information see **Item 11** of **Form ADV Part 2A**. Some of our investment adviser representatives also serve as insurance agents. Through their role as such they may sell, for commissions, various insurance products. We have a conflict of interest in recommending these products to you because of the potential for additional revenue.

Conversation Starters: How might your conflicts of interest affect me, and how will you address them?

Additional Information: For more information about our conflicts of interests and the ways we are compensated, please see **Item 5** and **Item 10** of our **Form ADV Part 2A**.

How Do Your Financial Professionals Make Money?

Description of Salary/Payment of IARs: Our investment adviser representatives are the owners of MWM LLC and are compensated based on the earnings of MWM LLC. This creates a conflict of interest as it provides your representative an incentive to recommend you invest more in your accounts with us due to the potential for more earnings.

Our representatives also serve as licensed insurance agents. When acting in this capacity, the representative will receive commissions for selling insurance products. This creates a conflict of interest when the representative recommends you purchase insurance products through him or her. Our investment adviser representatives also serve as licensed CPAs, offering accounting services. A conflict of interest exists whenever there is a recommendation to utilize the accounting services of our representatives.

Additional Information: For more information about these conflicts of interest, please see **Item 10** of our **Form ADV Part 2A**.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

No. Neither the firm, nor our investment adviser representatives have a legal or disciplinary history to report. You can look up more information about us and our investment adviser representatives at <https://www.investor.gov/CRS>.

Conversation Starters: As a financial professional, do you have any disciplinary history? For what type of conduct?

Item 2: Material Changes

The material changes in this brochure from the last annual updating amendment of Marsh Wealth Management, LLC on 03/27/2024 are described below. Material changes relate to Marsh Wealth Management, LLC's policies, practices, or conflicts of interests.

- In June 2024 the firm reached the level of Assets Under Manage to the point that the firm is required to change their primary regulatory authority to the U.S. Securities and Exchange Commission.
- Since the annual amendment filing in March 2023, we removed all references to TD Ameritrade, Inc. due to the transition of moving our clients' managed accounts away from TD Ameritrade, Inc. to Charles Schwab & Company Inc. In November 2019, the two firms announced they had entered into a definitive agreement for Charles Schwab & Company, Inc. to acquire TD Ameritrade in all-stock transaction. As a result of that acquisition, accounts previously held at TD Ameritrade are now Charles Schwab & Company, Inc. accounts. Subsequently, we updated Item 12 of this brochure to remove references to TD Ameritrade and replaced them with Charles Schwab.
- The firm added Trade-PMR as an additional executing Broker Dealer which utilizes First Clearing which is a trade name for Wells Fargo Clearing Services, LLC as the custodian for our client accounts. Please refer to *Item 12- Brokerage Practices* for more specific information.
- The firm removed all references to Plan Confidence™ as their co-advisory services are no longer offered by MWM LLC.
- The firm added 401K EZInvest as a type of advisory service. Please refer to *Item 4 - Advisory Business* for more specific information.
- The firm revised its discussion of method of analysis and investment strategies to provide more information on its model portfolio approach. Please refer to *Item 8 - Methods of Analysis, Investment Strategies, and Risk of Loss* for more specific information.

Item 4: Advisory Business

A. Description of the Advisory Firm

Marsh Wealth Management, LLC (hereinafter “MWM LLC”) is a Limited Liability Company organized in the State of Tennessee.

The firm was formed in November 2015, and the principal owners are Yvonne M. Marsh and Michael B. Marsh.

B. Types of Advisory Services

Portfolio Management Services

MWM LLC offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. MWM LLC creates an Investment Policy Statement for each client, which outlines the client’s current situation. An Investment Bucket Strategy is also utilized for clients with multiple accounts or more complex situations. Portfolio management services are provided using traditional custodial broker dealers. For assets not directly held by our custodian (held-away), portfolio management services are provided through a third-party interface that allows MWM LLC to view client accounts and communicate orders to their custodians. This program is called 401K+. Held-away assets are primarily 401(k) accounts, HSA’s, and other assets that are not held with our typically broker dealer custodial relationships. Please refer to *Item 12 - Brokerage Practices* for more information. Our portfolio management services include, but are not limited to, the following:

- Investment strategy
- Asset selection
- Regular portfolio monitoring
- Asset allocation
- Risk tolerance

MWM LLC evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. MWM LLC will request discretionary authority from clients in order to select securities and execute transactions without permission from the client prior to each transaction. Risk tolerance levels are documented on a model selection document.

MWM LLC seeks to provide that investment decisions are made in accordance with the fiduciary duties owed to its accounts and without consideration of MWM LLC’s economic, investment or other financial interests. To meet its fiduciary obligations, MWM LLC attempts to avoid, among other things, investment or trading practices that systematically advantage or disadvantage certain client portfolios, and accordingly, MWM LLC’s policy is to seek fair and equitable allocation of investment opportunities/transactions among its clients to avoid favoring one client over another over time. It is MWM LLC’s policy to allocate investment opportunities and transactions

it identifies as being appropriate and prudent among its clients on a fair and equitable basis over time.

MWM LLC also advises clients on portfolio allocations in their 401(k), 403(b) and similar plan types under a program called 401K EZInvest. MWM LLC evaluates the current investment options in the plan and advises the client on allocations among those options based on the client's risk tolerance levels and time horizon. The allocations are reviewed quarterly. Clients communicate the allocations to their plan custodian.

Financial Planning

Financial plans and financial planning may include, but are not limited to investment planning; life insurance; long-term care insurance, tax concerns; retirement planning; college planning; and debt/credit planning.

Retirement Plan Rollover Recommendations

When MWM LLC provides investment advice about a client's retirement plan account or individual retirement account ("IRA") including whether to maintain investments and/or proceeds in the retirement plan account, roll over such investment/proceeds from the retirement plan account to a IRA or make a distribution from the retirement plan account, we acknowledge that MWM LLC is a "**fiduciary**" within the meaning of Title I of the Employee Retirement Income Security Act ("ERISA") and/or the Internal Revenue Code ("IRC") as applicable, which are laws governing retirement accounts. The way MWM LLC makes money creates conflicts with our client's interests, so MWM LLC operates under a special rule that requires MWM LLC to act in our client's best interest and not put our interest ahead of theirs.

Under this special rule's provisions, MWM LLC must as a fiduciary to a retirement plan account or IRA under ERISA/IRC:

- Meet a professional standard of care when making investment recommendations (e.g., give prudent advice);
- Never put the financial interests of MWM, LLC ahead of our client's when making recommendations (e.g., give loyal advice);
- Avoid misleading statements about conflicts of interest, fees, and investments;
- Follow policies and procedures designed to ensure that MWM, LLC gives advice that is in our client's best interest;
- Charge no more than is reasonable for the services of MWM, LLC; and
- Give client basic information about conflicts of interest.

To the extent MWM LLC recommends a client roll over their account from a current retirement plan account to an individual retirement account managed by MWM LLC, please know that MWM LLC and our investment adviser representatives have a conflict of interest.

We can earn increased investment advisory fees by recommending that a client roll over their account at the retirement plan to an IRA managed by MWM LLC. We will earn fewer investment advisory fees if a client does not roll over the funds in the retirement plan to an IRA managed by MWM LLC.

Thus, our investment adviser representatives have an economic incentive to recommend a rollover of funds from a retirement plan to an IRA which is a conflict of interest because our recommendation that a client open an IRA account to be managed by our firm can be based on our economic incentive and not based exclusively on whether or not moving the IRA to our management program is in your overall best interest.

We have taken steps to manage this conflict of interest. We have adopted an impartial conduct standard whereby our investment adviser representatives will (i) provide investment advice to a retirement plan participant regarding a rollover of funds from the retirement plan in accordance with the fiduciary status described below, (ii) not recommend investments which result in MWM LLC receiving unreasonable compensation related to the rollover of funds from the retirement plan to an IRA, and (iii) fully disclose compensation received by MWM LLC and our supervised persons and any material conflicts of interest related to recommending the rollover of funds from the retirement plan to an IRA and refrain from making any materially misleading statements regarding such rollover.

When providing advice to clients regarding a retirement plan account or IRA, our investment advisor representatives will act with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims, based on the investment objectives, risk, tolerance, financial circumstances, and a client's needs, without regard to the financial or other interests of MWM LLC or our affiliated personnel.

Services Limited to Specific Types of Investments

MWM LLC generally limits its investment advice to mutual funds, fixed income securities, real estate funds, equities, ETFs and treasury inflation protected/inflation linked bonds. MWM LLC may use other securities as well to help diversify a portfolio when applicable.

C. Client Tailored Services and Client Imposed Restrictions

MWM LLC offers the same suite of services to all of its clients. However, specific client investment strategies and their implementation are dependent upon the client Investment Policy Statement which outlines each client's current situation. Clients may impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs.

D. Wrap Fee Programs

A wrap fee program is an investment program where the investor pays one stated fee that includes management fees, transaction costs, fund expenses, and other administrative fees. MWM LLC does not participate in any wrap fee programs.

- ❖ Portfolio Management – accounts held at Schwab and Trade PMR - \$200,000.
- ❖ Portfolio Management of Held Away Accounts (401K+ and 401K EZInvest) – \$100,000.

These minimums are waivable at the discretion of MWM LLC.

Item 8: Methods of Analysis, Investment Strategies, and Risk of Loss

A. Methods of Analysis and Investment Strategies

MWM LLC largely utilizes a model portfolio approach focusing on strategic asset allocation, based on Modern Portfolio Theory. Modern Portfolio Theory is a theory of investments that attempts to maximize portfolio expected return for a given amount of portfolio risk, or equivalently minimize risk for a given level of expected return, each by choosing the proportions of various assets. The choice of asset classes to be included is based on an evaluation of the risk and return of each asset class, as well as the expected diversification that will occur from a portfolio of asset classes.

The specific model portfolio assigned to each investor will be driven by a number of factors, including the investor's time horizon and risk tolerance. To better understand these factors, MWM LLC gathers and analyzes detailed information about the client, including goals, existing investments, insurance coverage, sources of income and other

assets and liabilities. MWM LLC revises the model portfolio as needed in response to changes in the client's goals, time horizon and risk tolerance.

MWM LLC's investing strategy is to conform the investment allocations to the client's model portfolio by trading the account holdings when changes in asset values have caused the holdings to drift from the model portfolio.

B. Risks of Loss

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

Clients should be aware that there is a material risk of loss using any investment strategy. The investment types listed below (leaving aside Treasury Inflation Protected/Inflation Linked Bonds) are not guaranteed or insured by the FDIC or any other government agency.

Mutual Funds: Investing in mutual funds carries the risk of capital loss and thus you may lose money investing in mutual funds. All mutual funds have costs that lower investment returns. The funds can be of bond "fixed income" nature (lower risk) or stock "equity" nature.

Equity investment generally refers to buying shares of stocks in return for receiving a future payment of dividends and/or capital gains if the value of the stock increases. The value of equity securities may fluctuate in response to specific situations for each company, industry conditions and the general economic environments.

Fixed income investments generally pay a return on a fixed schedule, though the amount of the payments can vary. This type of investment can include corporate and government debt securities, leveraged loans, high yield, and investment grade debt and structured products, such as mortgage and other asset-backed securities, although individual bonds may be the best known type of fixed income security. In general, the fixed income market is volatile and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk, liquidity risk, call risk, and credit and default risks for both issuers and counterparties. The risk of default on treasury inflation protected/inflation linked bonds is dependent upon the U.S. Treasury defaulting (extremely unlikely); however, they carry a potential risk of losing share price value, albeit rather minimal. Risks of investing in foreign fixed income securities also include the general risk of non-U.S. investing described below.

Exchange Traded Funds (ETFs): An ETF is an investment fund traded on stock exchanges, similar to stocks. Investing in ETFs carries the risk of capital loss (sometimes up to a 100% loss in the case of a stock holding bankruptcy). Areas of concern include the lack of transparency in products and increasing complexity, conflicts of interest and the possibility of inadequate regulatory compliance.

Real Estate funds (including REITs) face several kinds of risk that are inherent in the real estate sector, which historically has experienced significant fluctuations and cycles in performance. Revenues and cash flows may be adversely affected by: changes in local real estate market conditions due to changes in national or local economic conditions or changes in local property market characteristics; competition from other properties offering the same or similar services; changes in interest rates and in the state of the debt and equity credit markets; the ongoing need for capital improvements; changes in real estate tax rates and other operating expenses; adverse changes in governmental rules and fiscal policies; adverse changes in zoning laws; the impact of present or future environmental legislation and compliance with environmental laws.

Past performance is not indicative of future results. Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

Item 9: Disciplinary Information

A. Criminal or Civil Actions

There are no criminal or civil actions to report.

B. Administrative Proceedings

There are no administrative proceedings to report.

C. Self-regulatory Organization (SRO) Proceedings

There are no self-regulatory organization proceedings to report.

Item 10: Other Financial Industry Activities and Affiliations

A. Registration as a Broker/Dealer or Broker/Dealer Representative

Neither MWM LLC nor its representatives are registered as, or have pending applications to become, a broker/dealer or a representative of a broker/dealer.

B. Registration as a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor

Neither MWM LLC nor its representatives are registered as or have pending applications to become either a Futures Commission Merchant, Commodity Pool Operator, or Commodity Trading Advisor or an associated person of the foregoing entities.

C. Registration Relationships Material to this Advisory Business and Possible Conflicts of Interests

Representatives of MWM LLC must act as fiduciaries when advising clients of MWM LLC, as required by the Investment Advisors Act of 1940 (“Act”). Representatives of MWM LLC engage in business activities outside of MWM LLC. Those activities are not subject to the fiduciary requirements of the Act.

Yvonne M. Marsh is a Certified Public Accountant and from time to time, may offer clients advice or products from those activities and clients should be aware that these services may involve a conflict of interest. MWM LLC always acts in the best interest of the client and clients are in no way required to utilize the services of any representative of MWM LLC in connection with such individual’s activities outside of MWM LLC.

Yvonne M. Marsh is an independent licensed insurance agent, and from time to time, will offer clients advice or products from those activities. Clients should be aware that these services pay a commission or other compensation and involve a conflict of interest, as commissionable products conflict with the fiduciary duties of a registered investment adviser. Yvonne M. Marsh may receive commissions for providing these services that may range between 1% and 7% of premium. The commission is typically greater initially than the annual asset-based advisory fee for assets under management. Commissions may be paid either at completion of the insurance transaction, or as a continuing income stream over the life of the insurance contract, at the discretion of Yvonne M. Marsh. Yvonne M. Marsh, in her capacity as an independent licensed insurance agent, uses the services of an insurance marketing organization (IMO). The IMO provides marketing services and, from time-to-time, provides funds to be used for marketing her insurance services. There is no direct link between Yvonne M. Marsh’s use of the IMO and the investment advice MWM LLC gives to its clients. However, the arrangement creates a conflict of interest. MWM LLC always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to utilize the services of any representative of MWM LLC in connection with such individual’s activities outside of MWM LLC.

Michael B. Marsh is a Certified Public Accountant and from time to time, may offer clients advice or products from those activities and clients should be aware that these services may involve a conflict of interest. MWM LLC always acts in the best interest of the client and clients are in no way required to utilize the services of any representative of MWM LLC in connection with such individual’s activities outside of MWM LLC.

Yvonne M. Marsh and Michael B. Marsh are owners of Marsh Professional Group, LLC in Knoxville, TN. From time to time, they may offer clients advice or products from those activities and clients should be aware that these services may involve a conflict of interest. MWM LLC always acts in the best interest of the client and clients are in no way required to the services of any representative of MWM LLC in connection with such individual’s activities outside of MWM LLC.

D. Selection of Other Advisers or Managers and How This Adviser is Compensated for Those Selections

MWM LLC does not utilize nor select third-party investment advisers.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

MWM LLC has a written Code of Ethics that covers the following areas: Prohibited Purchases and Sales, Insider Trading, Personal Securities Transactions, Exempted Transactions, Prohibited Activities, Conflicts of Interest, Gifts and Entertainment, Confidentiality, Service on a Board of Directors, Compliance Procedures, Compliance with Laws and Regulations, Procedures and Reporting, Certification of Compliance, Reporting Violations, Compliance Officer Duties, Training and Education, Recordkeeping, Annual Review, and Sanctions. MWM LLC's Code of Ethics is available free upon request to any client or prospective client.

B. Recommendations Involving Material Financial Interests

MWM LLC does not recommend that clients buy or sell any security in which a related person to MWM LLC or MWM LLC has a material financial interest.

C. Investing Personal Money in the Same Securities as Clients

From time to time, representatives of MWM LLC may buy or sell securities for themselves that they also recommend to clients. This may provide an opportunity for representatives of MWM LLC to buy or sell the same securities before or after recommending the same securities to clients resulting in representatives profiting off the recommendations they provide to clients. Such transactions may create a conflict of interest. MWM LLC will always document any transactions that could be construed as conflicts of interest and will never engage in trading that operates to the client's disadvantage when similar securities are being bought or sold.

D. Trading Securities At/Around the Same Time as Clients' Securities

From time to time, representatives of MWM LLC may buy or sell securities for themselves at or around the same time as clients. This may provide an opportunity for representatives of MWM LLC to buy or sell securities before or after recommending securities to clients resulting in representatives profiting off the recommendations they provide to clients.

Such transactions may create a conflict of interest; however, MWM LLC will never engage in trading that operates to the client's disadvantage when similar securities are being bought or sold.

Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

Custodians/broker-dealers will be recommended based on MWM LLC's duty to seek "best execution," which is the obligation to seek execution of securities transactions for a client on the most favorable terms for the client under the circumstances. Clients will not necessarily pay the lowest commission or commission equivalent, and MWM LLC may also consider the market expertise and research access provided by the broker-dealer/custodian, including but not limited to access to written research, oral communication with analysts, admittance to research conferences and other resources provided by the brokers that may aid in MWM LLC's research efforts. MWM LLC will never charge a premium or commission on transactions, beyond the actual cost imposed by the broker-dealer/custodian.

MWM LLC utilizes Schwab Institutional, a division of Charles Schwab and Co., Inc. Member FINRA/SIPC for assets other than those held in Employee Benefit Plans or held with Trade-PMR using First Clearing as the custodial Broker Dealer. The custodian(s) for assets held by Employee Benefit Plans are selected by the trustees of the plans.

Trade-PMR, Inc. ("Trade-PMR") is utilized for brokerage and trade execution services for a group of clients that moved to MWM LLC from another advisor and who were on the Trade-PMR platform at the time of transition. Trade-PMR clears and custodies assets with First Clearing, FINRA member broker-dealers. First Clearing is a trade name used by Wells Fargo Clearing Services, LLC., a non-bank affiliate of Wells Fargo & Company. Trade-PMR acts as an introducing broker dealer on a fully disclosed basis. Trade-PMR and First Clearing are members of SIPC and are unaffiliated registered broker dealers and FINRA members.

1. *Research and Other Soft Dollar Benefits*

While MWM LLC has no formal soft dollar program in which soft dollars are used to pay for third party services, MWM LLC may receive research, products, or other services from custodians and broker-dealers in connection with client securities transactions ("soft dollar benefits"). MWM LLC may enter into soft-dollar arrangements consistent with (and not outside of) the safe harbor contained in Section 28(e) of the Securities Exchange Act of 1934, as amended. There can be no assurance that any particular client will benefit from soft dollar research, whether or not the client's transactions paid for it, and MWM LLC does not seek to allocate benefits to client accounts proportionate to any soft dollar credits generated by the accounts.

MWM LLC benefits by not having to produce or pay for the research, products or services, and MWM LLC will have an incentive to recommend a broker-dealer based on receiving research or services. Clients should be aware that MWM LLC's acceptance of soft dollar benefits may result in higher commissions charged to the client.

MWM LLC participates in the institutional advisor program (the "Program") offered by Schwab. Schwab offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. MWM LLC receives some benefits from Schwab through its participation in the Program.

As disclosed above, MWM LLC participates in Schwab's institutional advisor program and MWM LLC may recommend Schwab to clients for custody and brokerage services. There is no direct link between MWM LLC's participation in the Program and the investment advice it gives to its clients, although MWM LLC receives economic benefits through its participation in the Program that are typically not available to Schwab retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving MWM LLC participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have MWM LLC's fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to MWM LLC by third party vendors. Schwab may also pay for business consulting and professional services received by MWM LLC's related persons. Some of the products and services made available by Schwab through the Program may benefit MWM LLC but may not benefit its client accounts. These products or services may assist MWM LLC in managing and administering client accounts, including accounts not maintained at Schwab. Other services made available by Schwab are intended to help MWM LLC manage and further develop its business enterprise. The benefits received by MWM LLC or its personnel through participation in the Program do not depend on the amount of brokerage transactions directed to the qualified custodian. As part of its fiduciary duties to clients, MWM LLC endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by MWM LLC or its related persons in and of itself creates a conflict of interest and may indirectly influence MWM LLC's choice of Schwab for custody and brokerage services.

Trade-PMR/First Clearing provides MWM LLC with access to its institutional trading and custody services, which are typically not available to retail investors. These brokerage services include the execution of securities transactions, research, and access to mutual funds and other investments that are otherwise generally available

only to institutional investors or would require a significantly higher minimum initial investment.

Additionally, MWM LLC may receive the following benefits from Trade-PMR/First Clearing: receipt of duplicate client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its participants and access to an electronic communication network for client order entry and account information.

MWM LLC participates in the order management system (the OMS) offered by Pontera Solutions, Inc. Pontera Solutions, Inc. offers to independent investment advisors services which include the ability to view the client account assets in their employee benefit plans and the ability to enter trading instructions in the accounts. MWM LLC receives some benefits from Pontera Solutions, Inc. through its participation in the OMS. There is no direct link between MWM LLC's participation in the Program and the investment advice it gives to its clients, although MWM LLC receives economic benefits through its participation in the OMS. These benefits include the following products and services (provided without cost or at a discount): research related products and tools; consulting services; access to an electronic communications network for client order entry and account billing calculations. The benefits received by MWM LLC or its personnel through participation in the OMS do not depend on the volume of assets in employee benefit plans utilizing the OMS. As part of its fiduciary duties to clients, MWM LLC endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by MWM LLC or its related persons in and of itself creates a conflict of interest and may indirectly influence MWM LLC's choice of Pontera Solutions, Inc. for the services listed above.

2. Brokerage for Client Referrals

MWM LLC receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

3. Clients Directing Which Broker/Dealer/Custodian to Use

For assets held at Schwab and Trade-PMR/First Clearing as Institutional Custodians, MWM LLC will require clients to use a specific broker-dealer to execute transactions. Not all advisers require clients to use a particular broker-dealer.

B. Aggregating (Block) Trading for Multiple Client Accounts

MWM LLC does not aggregate or bunch the securities to be purchased or sold for multiple clients. This may result in less favorable prices, particularly for illiquid securities or during volatile market conditions.

Item 13: Review of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

All client accounts for MWM LLC's advisory services provided on an ongoing basis are reviewed at least quarterly by Yvonne M. Marsh, Managing Member or Michael B. Marsh, Member, with regard to client's respective investment policies and risk tolerance levels. All accounts at MWM LLC are assigned to these reviewers.

All financial planning accounts are reviewed upon financial plan creation and plan delivery by Yvonne M. Marsh, Managing Member or Michael B. Marsh, Member. There is only one level of review for financial planning, and that is the total review conducted to create the financial plan.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

With respect to financial plans, MWM LLC's services will generally conclude upon delivery of the financial plan.

C. Content and Frequency of Regular Reports Provided to Clients

For assets held at Schwab and Trade-PMR/First Clearing as Institutional Custodian, each client of MWM LLC's advisory services provided on an ongoing basis will receive a monthly report detailing the client's account, including assets held, asset value, and the fees. This written report will come from the Schwab Institutional Custodian.

Each financial planning client will receive the financial plan upon completion.

Item 14: Client Referrals and Other Compensation

A. Economic Benefits Provided by Third Parties for Advice Rendered to Clients (Includes Sales Awards or Other Prizes)

Other than soft dollar benefits discussed in Item 12 above, MWM LLC does not receive any economic benefit directly or indirectly from any third party for advice rendered to its clients. There is no direct link between MWM LLC's participation in the Schwab Program or the OMS and the investment advice it gives to its clients.

B. Compensation to Non – Advisory Personnel for Client Referrals

MWM LLC does not directly or indirectly compensate any person who is not advisory personnel for client referrals.

Item 15: Custody

When advisory fees are deducted directly from client accounts at client's custodian, MWM LLC will be deemed to have limited custody of client's assets and must have written authorization from the client to do so. Clients will receive all account statements and billing invoices that are required in each jurisdiction, and they should carefully review those statements for accuracy.

Item 16: Investment Discretion

MWM LLC provides discretionary and non-discretionary investment advisory services to clients. The Investment Advisory Contract established with each client sets forth the discretionary authority for trading. Where investment discretion has been granted, MWM LLC generally manages the client's account and makes investment decisions without consultation with the client as to when the securities are to be bought or sold for the account, the total amount of the securities to be bought/sold, what securities to buy or sell, or the price per share.

Item 17: Voting Client Securities (Proxy Voting)

MWM LLC will not ask for, nor accept voting authority for client securities. Clients will receive proxies directly from the issuer of the security or the custodian. Clients should direct all proxy questions to the issuer of the security.

Item 18: Financial Information

A. Balance Sheet

MWM LLC neither requires nor solicits prepayment of more than \$500 in fees per client, six months or more in advance, and therefore is not required to include a balance sheet with this brochure.

B. Financial Conditions Reasonably Likely to Impair Ability to Meet Contractual Commitments to Clients

Neither MWM LLC nor its management has any financial condition that is likely to reasonably impair MWM LLC's ability to meet contractual commitments to clients.

C. Bankruptcy Petitions in Previous Ten Years

MWM LLC has not been the subject of a bankruptcy petition in the last ten years.
